

Marco Vincenzo Maselli

✉ Email address: marcovmaselli@gmail.com ✉ Email address: marcovincenzo.maselli@unifi.it ☎ Phone: (+39) 3662090017

Date of birth: 01/07/1995 Nationality: Italian

EDUCATION & TRAINING

[2017 - 2020]

Master Degree, Biomedical Engineering

Politecnico di Torino

Thesis: "Nonlinear analysis of decomposed sleep EEG through higher order spectra"

[2015 - 2017]

Bachelor Degree, Biomedical Engineering

Politecnico di Torino

[2020]

Java Academy Course (6 weeks)

Accenture

Schools

Spring School: "9th International School on Deep Learning" - 2023- Institute for Research Development, Training and Advice (IRDTA)

Summer School : "XLIV Annual School 2025 – Unlocking the Mind and Emotions." - 2025 - Gruppo Nazionale Bioingegneria (GNB)

WORK EXPERIENCE

Università degli Studi di Firenze

City: Firenze | Country: Italy

[01/11/2024 - Current]

PhD Student

Neurorobotic Behavioral Models for Advanced Human-Robot Interaction in Biomedical Applications

Università degli Studi di Firenze

City: Firenze | Country: Italy

[01/11/2023 - 31/10/2024]

Research Fellow

- Research, development, and experimental validation of robotic technologies for healthcare and active aging.
- Study of inhibitory cognitive-motor assessment strategies through human-robot interaction.

Politecnico di Bari

City: Bari | Country: Italy

[01/10/2023 - 30/09/2024]

Adjunct Professor - "Fundamentals of Computer Science for Engineering"

- Instructor for first-year undergraduate engineering course.
- Topics: basic computer science and algorithmic thinking.

C.N.R - STIIMA

City: Bari | Country: Italy

[01/06/2022 - 31/10/2023]

Research Fellow

- Research on machine perception and intelligent systems for continuous action recognition in manufacturing environments.
- Development of deep learning models, including Graph Neural Networks (GNNs) and Convolutional Neural Networks (CNNs).
- Skeleton extraction from depth-camera video data for human-robot interaction applications in manufacturing.
- Automatic anomaly detection in welding processes using ultrasonic signals.

Politecnico di Bari - DEI

City: Bari | **Country:** Italy

[01/11/2021 - 15/03/2022]

Research Assistant

- Development of teaching material for academic laboratory sessions.
- Implementation of signal processing methods using LabVIEW.
- ECG signal acquisition, filtering, peak detection, and heart rate variability (HRV) analysis.

Euroclinics (Beckman Coulter Agency)

City: Puglia | **Country:** Italy

[01/02/2021 - 31/05/2021]

Field Service Engineer

Installed, maintained, and repaired medical diagnostic equipment for chemical and immunological analyses in hospitals and clinical laboratories across the Apulia region. Provided on-site technical support, including user training, troubleshooting, and preventive maintenance. Regularly used technical manuals and diagnostic tools to identify and resolve hardware and software faults.

Accenture

City: Torino | **Country:** Italy

[01/10/2021 - 31/01/2022]

Junior Functional Analyst

Managed and customized the Kinaxis RapidResponse software platform for enterprise clients, handling system maintenance, troubleshooting, configuration, and functional enhancements. Worked directly with stakeholders to translate supply-chain requirements into technical specifications, workflows, and data-driven solutions.

Politecnico di Torino

Student Tutoring

Calculus, Geometry and Linear Algebra, Electrical Engineering, and Solid Biomechanics courses

DiEmmeBi

Technical service

Technical service assistance for events

Waiter and Bartender

VOLUNTEERING

[01/03/2026 - Current]

IEEE Robotics and Automation Society

Write here the desTechnical Committee on Human-Robot Interaction & Coordination (HRIC) - Student Representative

PUBLICATIONS

Ecological Inhibition: Using Social Robots to Capture Motor Signatures of Impulsivity

Submitted

Authors: Maselli M.V., Pani J., Gavazzi G., Fiorini L. | **Journal Name:** Transactions on Human-Robot Interaction

Evaluating Vocal Dynamics in children using a Neuromorphic Approach

Reference: M. V. Maselli, L. Fiorini,, E. Adelucci, C. Pecini, S. Scatigna, G. Sgandurra, M. C. Lieto, B. del Lucchese, F. Cavallo
Submitted

Journal Name: Conference of the IEEE Engineering in Medicine and Biology Society (EMBC 2026)

[2025]

Do You Want to Play with Me? Preliminary Study of a Motor Control Walking Game with Pepper Robot

Authors: Marco Vincenzo Maselli, Gioele Gavazzi, Jasmine Pani, Alessandra Sorrentino, Gianmaria Mancioffi, Filippo Cavallo & Laura Fiorini | **Journal Name:** Ambient Assisted Living (FortAAL 2024)

- [2025] [Evaluating Children Engagement and Robot Perception interacting with NAO robot in Educational Context:a Feasibility Study.](#)
Authors: Fiorini L., Pecini C., Maselli M.V., Pugi L., Adelucci E., Musca H., Pani J., Scatigna S., Di Lieto M.C., Del Lucchese B., Sgandurra G., Cavallo F. | **Journal Name:** International Conference on Social Robotics 2025
- [2025] [Robots and Reflexes: Analyzing the Stroop Effect and Impulsiveness in Human-Robot Interaction](#)
Authors: Sorrentino A., Pani J., La Viola C., Kim J., Maselli M. V., Iacopini S., Fiorini L., Cavallo F. | **Journal Name:** International Conference on Social Robotics 2025

Humanoids Robots in Pediatric Care Facilities from Pain Management System to cognitive Rehabilitative support
 In press
Authors: • Fiorini L., Adelucci E., Maselli M.V., Pani J., Pugi L., Buttari G., Pecini C., Cristella G., Di Lieto M. C., Sgandurra G., Biffi E., Storm F. A., Signorini S., Cavallo F | **Journal Name:** IEEE Ro-Man 2025
- [2024] [A Dataset on Human-Cobot Collaboration for Action Recognition in Manufacturing Assembly](#)
Authors: L. Romeo; M. V. Maselli; M. García Domínguez; R. Marani; M. Lavit Nicora; G. Cicirelli | **Journal Name:** 2024 10th International Conference on Control, Decision and Information Technologies (CoDIT)
- [2024] [Continuous Action Recognition in Manufacturing Contexts by Deep Graph Convolutional Networks](#)
Reference: Maselli, M.V., Marani, R., Cicirelli, G., D'Orazio, T. , Intelligent Systems and Applications

Can you help me to re-order a story? Design and development of a game-based activity with NAO for children
 In Press
Authors: • Maselli M.V., Musca H., Pecini C., Scatigna S., Mei S, Di Lieto M.C., Del Lucchese B., Sgandurra G., Biffi E., Storm F. A., Cavallo F., Fiorini L. | **Journal Name:** IX National Congress of Bioengineering

SKILLS

Programming & Software | Machine Learning & AI | Human-Robot Interaction | Data Science | Signal Processing & Biomedical Data | Teaching | Analytical thinking | Problem solving | Autonomous research

LANGUAGE SKILLS

Mother tongue(s): Italian

Other language(s):

English

LISTENING: C1 **READING:** C1 **WRITING:** C1

SPOKEN PRODUCTION: C1 **SPOKEN INTERACTION:** C1

CONFERENCES & SEMINARS

[25/06/2024 - 28/06/2024] **ForItAal 2024 (13° Forum Italian Ambient Assisted Living)** Firenze

[26/09/2023 - 27/09/2023] **STIIMA Conference 2023 (CNR)** Bari

[07/09/2023 - 08/09/2023] **SAI IntelliSys 2023** Amsterdam
